

THERAP IMPLEMENTATION AND TRAINING DATES

FOR 24/7 SERVICES! (Not ID/EI at this point)

- December 22nd – webinar for the DDPA's and for the State office only
- January 9th – 20th – training will occur in the field that includes the DDPM's, DDPA's and the providers. Items that will be discussed:
 - Assessments (IPOP's=Individual Protective Plan of Oversight and the RMAP=Risk Management Assessment Plan)
 - Referral for services
 - 24/7 OSP (Overall Service Plan that includes the ISP and the PCSP)
 - A review of how to set alerts, how to scan documents, how to navigate in Therap and GER's will be reviewed
 - How to pull year end GER reports for your agency
- January 17th – Therap rollout of unification project
- January 17th - DDPM's and the Provider staff will start the assessments for the upcoming annual March team meetings. (pre-work)
 - General and residential Individual Plan of Protective oversight (IPOP), RMAP's and vocational assessments available now!
 - RMAP's you have now can be cut and pasted into the Therap forms!
- January 17th – all new clients will be entered in Therap and any referral packets may begin now with the DDPM's having the ability to scan documents in PDF for, attach these to the records of those wishing to get services from a specific provider, region or state wide referral.
- IDF's will be fully completed at the provider level once a primary provider has been selected
- Full implementation by March 1st, all new OSP's will be entered in Therap for annuals occurring from here and going forward**. This process will allow you to align the dates of DDPM services and the annual OSP.
- February 14th - Slot Management training rolled out to the DDPM's and DDPA's to go live March 1st also
- By 2/28/2013, all individual's OSP plans will be in Therap!
- IFSP information slotted for 7/1/12

**Just a note, for the OSP's that are happening between now and March 1st, you will be able to enter this information and start the workflow between provider PC's and the DDPM's, keeping in mind your 5 and 10 working day timelines. Remember that going forward the DDPM service date and the client's OSP will now be in sync with each other as this will be a 1:1 ratio!
