Who We Are

Since 2003, we have made it our mission to equip agencies with the tools they need to focus on meaningful outcomes for the Individuals they support. This passion stems from our decades of experience as providers, administrators and state employees.

Appreciating the challenges and rewards of quality service provision drives the development of our comprehensive suite of tools. As the Therap community grows, our solution continues to evolve to meet the ever-diversifying needs of our users.

Our goal is to help our users create efficiencies, streamline processes, securely connect people and integrate all aspects of service delivery, while maintaining a focus on Individuals and the stakeholders who support them. Furthermore, our system is supported by a world class security infrastructure that exemplifies our perpetual commitment to data integrity and security.

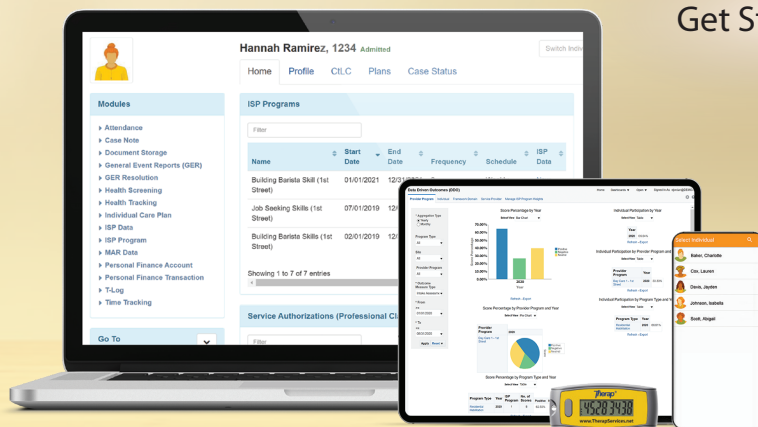

This dedication has led us to become the industry leader, supporting organizations in all 50 states and internationally, while also addressing the unique requirements of over 20 state contracts across the country.

Therap Provides the Tools for a Person-Centered Approach

Plan | Support | Achieve

Ishya "Shae" Dotson
Assistant Director of Person
Centered Practices

"Person Centered Planning is a collaborative process that identifies a person's hopes and dreams, as well as the supports required to help them live the lives they desire. Therap provides your team the tools to explore the goals your people in service want to attain, create the plans for achievement, track the provided supports and measure outcomes."

Planning Tools Available for Case Management Teams, States, Providers, Individuals & Families:

- Support Individuals to Create a Shared Vision for a Good Life.
- Identify Personal Goals & Strategies to Achieve them.
- Configurable Options to Ensure State & Federal Compliance.

LIFE DOMAIN	DESCRIPTION	MY VISION FOR MY FUTURE	PRIORITY
	Daily Life & Employment What do I think I will do or want to do during the day in my adult life? What kind of job or career would I like?	I will continue the job I currently have in a part time capacity and also explore other opportunities.	High
	Community Living Where would I like to live in my adult life? Will I live alone or with someone else?	It may be solo or with a partner of my choice. I have mentioned many times of my desire to move to the Northwest part of the country. I have made multiple visits to the area and I am very fond of it. The cost of living is higher and so a good stable income seems necessary.	Medium
	Social & Spirituality How will I connect with spiritual and leisure activities, and have friendships and relationships in my adult life?	I will go to church every Sunday and attend family gatherings.	Medium

Data-Driven Tools to Increase the Value and Quality of Services

Meaningful | Measurable | Manageable

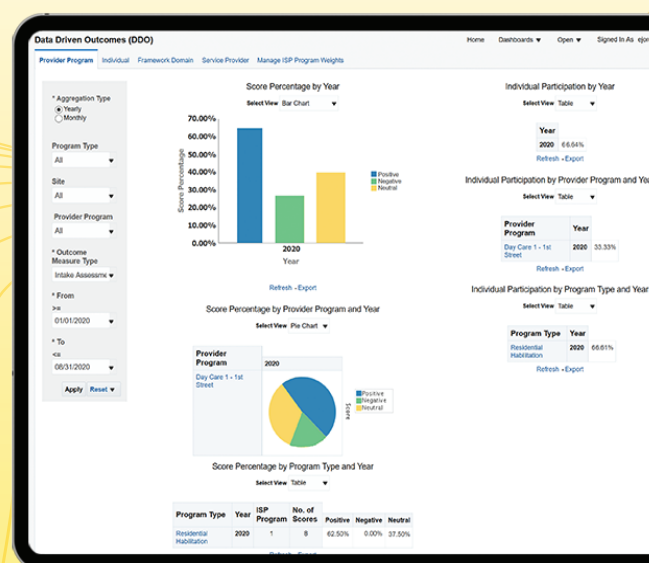

Jason Laws

Director of Quality & Data Initiatives

“Quality service provision requires ongoing assessment to ensure continued refinement and adherence to evolving needs. Therap’s Business Intelligence tools allow organizations to harness their existing data to better understand their impact on Individuals and to make informed decisions that improve Individual outcomes.”

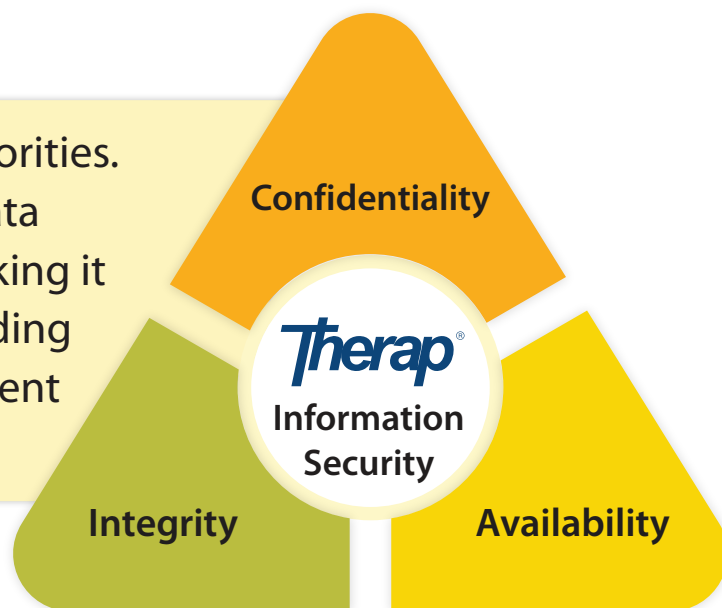

Streamline documentation review, reporting, and compliance activities via:

- Analytic Dashboards for Demographics, Incident Reports, Data-Driven Outcomes, Billing, & more.
- Assessment of outcomes at the Individual, Program and Provider Level.
- Real-time access for Managers, Administrators and Agency-Authorized Third Party Reviewers.

Therap's Commitment to Data and Information Security

Data security is one of our highest priorities. We are committed to keeping your data secure from unauthorized access, making it available when you need it and providing a wide set of user permissions to prevent unwanted changes.

Availability:

Our security and operations teams use a state of the art system that they monitor 24 hours a day, 365 days a year. We operate multiple sites to prevent interruption of service or loss of documentation ensuring business continuity, even in the event of a disaster.

Integrity:

Therap combines cutting edge physical, administrative and technical controls to keep your data protected from unauthorized changes, ensuring that it is always reliable and accurate.

Confidentiality:

Therap's password protected system, with available 2-Factor Authentication, comes with a robust set of user permissions. Your Therap Administrators are able to configure the privileges and access rules to meet your team's security needs.

Discover More About Therap's Comprehensive System

Scheduling/Electronic Visit Verification (EVV)

Capture location, time and documentation at the point of service delivery with our easy-to-use EVV solution. Attain compliance with state and federal regulations.
